12. Feb 28 - Mar 2 Indoor Provincial Junior Open, Lakewood Tennis Centre, Saskatoon, SK

International Tennis Federation (ITF) Junior Tournaments Policy

ITF Junior tournaments played are also accepted as a qualifying tournament. Therefore, any ITF Junior tournaments played count towards the 5 tournament minimum total. However, a player still must play (at least) 1 tournament in the other prairie province and (at least) 1 indoor tournament.

Please note the following regarding cancelled tournaments / events: players will be given credit for a tournament if they entered a tournament, and it was cancelled due to a lack of entries or poor weather conditions.

B) Qualification Cut-off Date & Team Size

Players will be selected for the Fischer Indoor National Championships based on Tennis Canada [National Bank Rankings](#) using the following cut-off date:

MARCH 4, 2025 – for ALL age categories

For all age categories (U12, U14, U16 & U18), the top three (3) players by gender in the age category between the two (2) provinces will qualify unless a player exemption(s) has been granted by Team Prairies Selection Committee. (example: U12 – 3 boys and 3 girls, same for U14, U16 and U18).

Tennis Canada National Bank Rankings are based on a rolling 52 week point accumulation. Points are accumulated from a player's top 5 results over the past 52 weeks. Results from each new week will be added and the results from the corresponding week of the previous year will be dropped. Players receive a ranking by playing at least one of the specified ranking events

If a player ranked in the Top 3 declines invitation to compete in the Fischer Junior Nationals, the next eligible player on the National Bank Rankings List will be invited UP TO THE #6 RANKING IN THAT CATEGORY within the PRAIRIES REGION.

If an ITF Junior Tournament conflicts directly with the dates of a Prairies Qualification Tournament, the player may choose to compete in the ITF event and receive credit for competing in the conflicting Prairie Qualification Tournament. The player must submit a COMPETITIVE SCHEDULE to the appropriate Provincial Coach for approval that the LEVEL of the ITF event is appropriate for the player.

C) Exemptions

Application for an Exemption must be made in writing to the Provincial Tennis Association Office where the athlete resides, citing all reasons for not meeting the minimum qualification requirements and including all necessary doctor's notes etc. Possible reasons for exemption may include injury, illness, national team requirements**, and/or other valid reasons.

A player who does not or cannot meet the Qualification Criteria (including being ranked outside the National Bank Ranking top 6 in that category) and is seeking consideration must apply for an exemption to the Team Prairies Selection Committee by 11:59 pm CST January 30, 2025. This deadline applies to all age categories.

** Players who are part of a Tennis Canada NTC (National Training Centre) or Tennis Canada National Team member with a Top 3 National Bank Ranking (within the Prairie Region) in any given category will be considered for exemption even if they do not meet the FULL Team Prairies Selection Criteria. The selection committee may use their own discretion when considering exemptions, and prioritize athletes participating in other events such as, but not limited to:

- Tennis Canada (representing, camps, tours, etc.)
- ITF Tournaments
- other Internationals tournaments (Tennis Europe, USTA, etc.)

Both Tennis Manitoba and Tennis Saskatchewan would have to accept a player's exemption request in order to be considered for the event. It would be a rare case that a player would be accepted as the qualification requirements are minimal.

D) Additional Criteria

Players will also need to meet the following criteria:

1. All athletes must maintain a permanent residence in their respective province (Manitoba or Saskatchewan) as evidenced by a valid Health Services Card. Students attending school out of province are eligible to participate, however they must still meet the above-mentioned residence criteria.
2. All athletes must be in good standing with their provincial association.

*****Respect in Sport Requirement*****

At least one parent (or legal guardian) of a participating player must complete [the on-line Respect in Sport module](#). If not completed, the player will not be eligible to compete. Further information will be provided once the player has qualified for the nationals. For those who have

completed the module, the certification is valid for 3 years from the date of completion and you do not need to complete it for this year. The on-line program is to be completed (at least) 7 days prior to the start of the applicable National championship.

E) Junior National Travel Policies / Procedures

Please note the following regarding Junior Nationals Participation:

- All players must agree to the terms and conditions of and sign a Provincial Code of Conduct and Release Form prior to departure. Participant and Parent (or legal guardian) signature required. Form to be forwarded to applicable Provincial Association prior to departure.
- All players must agree to the terms and conditions of and sign a Tennis Canada Release Form prior to departure. Participant and Parent (or legal guardian) signature required. Form to be forwarded to Provincial Association prior to departure.

When a player is not traveling with the designated team coach, the player will be provided with contact information of the team coach and the provincial association (phone numbers and cellular numbers). If travel problems take place, players should contact the appropriate individual (noted above) as soon as possible. If none of the above noted individuals are available, please

contact your parents or legal guardian.
